SUMMARY: Executive Branch Departments and Sub-units that construct or operate public swimming pools are required to comply with the requirements of the Act and related Rules. The DPH establishes fees for construction permits and annual permits. Prior to construction for new swimming pools or renovations, plans bearing the seal of a professional engineer licensed to practice in Michigan are required to be submitted for review and approval. Annual inspections are provided by the local health departments, with reports submitted to DPH for review prior to licensing. Routine water sampling and testing of pool chemistry is required to be performed by the operator of the swimming pool.
